

# Git & Github

## Assignment

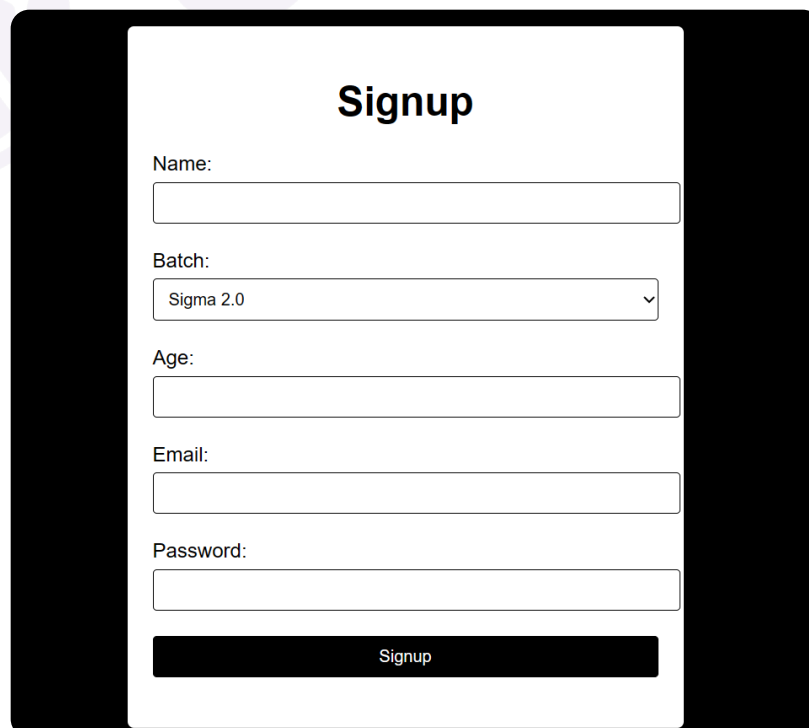

1. Design and develop a login page using HTML and CSS. The login page should have a visually appealing layout as shown in the below image

**Note:** Publish this your code to github & Submit the link

A login form with a white background and rounded corners, centered on a light gray background. The form has a title 'Login' at the top. Below it are two input fields: 'Username' and 'Password'. At the bottom is a blue button labeled 'Submit'.

2. Design and develop a SignUp page using HTML and CSS. The login page should have a visually appealing layout as shown in the below image

**Note:** Publish this your code to github & Submit the link

A signup form with a white background and rounded corners, centered on a black background. The form has a title 'Signup' at the top. Below it are five input fields: 'Name:', 'Batch:' (with a dropdown menu showing 'Sigma 2.0'), 'Age:', 'Email:', and 'Password:'. At the bottom is a black button labeled 'Signup'.
